Painted Hills Home Owner's Association Board Application

I am asking for your consideration to become a Painted Hills board member. It is my goal to become an involved resident in supporting our community interests. Having lived here just a year, I have already experienced the quality of life here in Painted Hills: the lakes, Paradise Grill, community areas such as the dog park, the well-maintained public spaces, the kindness and friendliness of neighbors, proximity to nearby towns, making this a highly desirable area with rapidly increasing value. This brings challenges and opportunities that make involvement especially important now.

I am looking forward to serving the community as a Painted Hills HOA Board member.
